

The student misses the opportunity to provide a list of the types of jobs that are undesirable or to give some figures, for example, the proportion of Mexicans working on farms in the USA.

Lack of clarity. The student is not really making sense here.

The essay needs to provide examples and evaluate more to score a higher mark.

With the presence of a new young workforce all the undesirable jobs in the destination countries are filled, we assist to the creation of multicultural societies like in the USA or the UK even sometimes there are episodes of racism.

Even if these are some disadvantages in migration for origin countries like the loss of young workforce and for the destination countries like the displacement of the local work enormous advantages are brought from migration to both origin countries, economy revitalised by remittances and destination countries which will have lots of young workers to employ in each section and who will sustain the country's economy in case the population decreases or in case there are undesirable places to be filled.
